

GT SPORTS CLUB

INTERCONTINENTAL DRIVER PROGRAMME FOR HYPER AND SUPER TRACK CARS

DEAR DRIVERS OF HYPER AND SUPER TRACK CARS,

From 1993 to 2011, from Le Mans to the FIA GT1 World Championship, the GT1 category generated iconic race cars like the McLaren F1 GTR, Ferrari F40 LM and 550 Prodrive, Mercedes CLK-GTR, Porsche GT1 and Maserati MC12.

Since then and despite the absence of a championship for such extreme machines, the most prestigious manufacturers have continued to produce highly exclusive track-designed evolutions of their hyper sports cars. They would be the GT1s of today should they be homologated to race. Some of the manufacturers have organized single-make gatherings for their clients, but no attempt has been made yet to bring these different models to the same circuit at the same time. What a spectacle it would be both for the participants and for the fans! What a melody it would produce! Finally, this becomes real.

"BEING THE ENTHUSIASTIC OWNER OF ONE OF THESE SPECIAL CARS AND HAVING VERY LITTLE OPPORTUNITY TO USE IT, I CAN'T WAIT TO RUN ALONGSIDE OTHER EXTREME HYPER AND SUPER TRACK CARS IN A RELAXED AND FRIENDLY ENVIRONMENT."

With the support of the manufacturers of these cars, who are keen to get them out of private collections and see them in their natural environment, we are supporting the ongoing growth of the GT1 concept during the GT1 Sports Club 2024 season. To make even more memorable this journey together we joined forces with the Supercar Owners Circle to create the most curated experiences On and Off the track along the year.

Three high-profile track events will be available in the best world racetracks, where all of them, are linked to an SRO Race weekend, primarily the Fanatec GT World Challenge by AWS weekends. The principle to follow remains simple: no racing but racing inspired. No competitive element, but only the opportunity for owners of hyper and super track cars and enthusiasts to share their passion and to fully experience incredible machines. Participants will receive a VIP invitation to watch the GT race while exhibiting their cars in the paddock before enjoying two exclusive track days behind the wheel of their cars.

Being the enthusiastic owner of one of these special cars and having very little opportunity to use it, I can't wait to run alongside other extreme hyper and super track cars in a relaxed and friendly environment. Performance doesn't matter, just for the pleasure.

STEPHANE RATEL

FOUNDER AND CEO OF THE

MOTORSPORTS GROUP

2024 CALENDAR

The 2024 calendar includes four events. For the first time, we'll be in the US for the first event of the year. It will take place at Circuit of the Americas and will run over two or three days following a SRO race weekend, primarily a Fanatec GT World Challenge by AWS weekends.

This year we partnered-up with the Supercar Owners Circle, global members network of the world's most discerning car collectors since 2014, to offer tailored off track experiences to the pilots across the different circuits.

SHMEE 150

OFFICIAL GT1 SPORTS CLUB AMBASSADOR

Today's automotive influencers are an undeniable asset for brands looking to make a meaningful connection with their target audience. As GT1 Sports Club, it is for us important to work with the leading creator in the automotive space. Known under the alias Shmee150, Tim Burton has become a friend to our brand and a frequent visitor of our driving events.

Shmee150 is Tim's personal brand. He is often referred to as 'Shmee', while he travels the world to seek out the greatest and most exclusive automotive content possible. With a vast social media following across the world, Shmee is known globally from car enthusiasts to serial hypercar purchasers. Tim shares his personal experiences in the luxury automotive world via content with

an honest and personal touch that is not found elsewhere connecting with like-minded fans, friends, followers and partners via many social media streams, and in particular his YouTube videos.

He is known for his passionate and knowledgeable nature in connection to our automotive industry, and has showcased for the last decade that he is able to connect a dedicated and engaging audience to his continuous story line of sharing his life living the supercar dream. As our ambassador, GT1 Sports Club has become a part of Tim's story line allowing us to connect our events, experiences and partners in an innovative context across his active and engaged community, which has a signature global reach and a diverse demographic.
